MID TERM SURVEY

NZLC values student feedback and always aims to maximise your New Zealand experience

It is really important for us to know if our students are happy and well-supported. We conduct online feedback surveys every 6 weeks so that we can address any student concerns or questions, and understand how best to support you during your studies.

TEACHING PHILOSOPHY

The connection between what we do in class and what happens outside of the class need to be seamless. Students do not practise life in the classroom; the classroom is life.

"Education is not preparation for life; it is life itself"
